WORK EXPERIENCE

Volunteering at the playground during summer

Volunteering with "grabbelpas" during vacations (organisation for activities with children, like going to an amusement park, to the beach, as well as creating games to play outside.

Working with the "Festival van Vlaanderen", building the stage, guide the audience and the artists, collecting and delivering gear, ...

Working at Benteler, a company that assembles parts for Volvo, Assembly line student work.

EDUCATION AND TRAINING

01/09/2016–Present

Digital Arts and Entertainment - Game Development, Kortrijk (Belgium)

You are a developer pur sang with a focus on graphics and gameplay programming, using C++ and a 3D API. This distinguishes you from a traditional programmer. The end product always is a real time application (game, AR, VR, simulation,...).

You are responsible for turning all loose elements into a coherent game. As such, you spend the majority of your time in the game engine.

01/09/2012–30/06/2016

Bachelor in Electronics - ICT, ICT

Odisee, Gent (Belgium)

A wide IT base containing web development and programming, networking, programming (java and Csharp), and IT management.
